And when they ask you how you are,
Jest say, "I'm feelin' fine."

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone,"

CALL FOR ROOMS IS FINALLY HEARD

There have been a number of responses of the city to the call for rooms for the accommodation of disabled veterans who desire to take advantage of the vocational education offered by the government, but it is not yet known whether there will be adequate quarters, or whether there will be quarters arranged for the required number ,the minimum being 40. The government will send men to the number of 100 or more if accommodations can be secured for them. This matter has been brought before the public repeatedly; however, this is the first time there has been any response to an encouraging degree. It is probable that at least 40 of the unfortunate young men may be accommodated here, in which case they will be enrolled in Eastern Normal and soon begin their studies there. In case the room is not provided, they will be sent else-
